Course Outline of
Interior Design Course:

WEEK-1

Kickstart your online course with an overview
of the meaning behind interior design. In this lesson, you will discover the communication tools and tricks that designers use daily, an outline of what you can expect as an interior designer, as well as learn basic design terminology. You will then work through sketching and the critical elements you need to look out for.

• Principals of Interior Design
• Elements of Interior Design

WEEK-2

This week, interior design class delves into what a floor plan is and why it is the building block of any project. You will learn about space planning, developing a mood board, and reading a floor plan and its value in the interior design industry. Be prepared to get technical as you learn to draw up your very own floor plan

• Space Planning
• Moodboard Design
• Types of Interior Design

WEEK-3

In this week, you will begin to develop your own interior design style, looking at various design influences from Contemporary and industrial to urban, modern, retro, etc. The use of colour has a big physiological impact on space. You will also unpack the importance of colour in design, and how to use colour effectively.

• Concept Development
• Color Psychology
• Understanding of Technical Drawing set
